Peace and harmony

So good for ones soul.

Love and Unity

These should be our goal.

Gandhiji taught us,

non-violence will win

Destruction and wars

in God's sight a sin.

He won our freedom

Without sword or strife,

So spread his message

For a peaceful, fruitful life.

See social justice,

Reaches the oppress'd

Tolerance, mercy

Towards the depress'd

God's gift of Nature,

Brings peace to mankind,

It heals his sorrows,

It soothes his mind.

Spend golden moments

In meditation

And social service

To serve the nation.

The need of the hour -

Our massive nation

Needs this for its power.

Seek cultural values

With justice and truth

For human rights strive

It's bound to bear fruit.
